

Join us for an eSeminar
March 1 or March 3.

Learn what Acrobat 7.0
Professional can do for you.

THINK AGAIN what Adobe Acrobat software can do to improve the way you work. Join Adobe Systems for an eSeminar on using new Adobe Acrobat 7.0 Professional. See how it is the ideal tool for accelerating time-consuming review and approval processes. Discover how Acrobat is the essential application for securing, sharing, and archiving all your projects.

Register today! Space is limited.

In the hour-long eSeminar, you'll learn how Acrobat 7.0 Professional helps you gain control over projects, simplify processes, and finish work faster.

- **Quickly combine and share all project information** — Produce and distribute one easily searchable Adobe PDF file that combines presentations, briefs, spreadsheets, photos, illustrations, graphics, and much more.
- **Include all team members in planning and review** — Enable users of Adobe Reader® 7.0 — such as clients, vendors, or colleagues — to make electronic comments on an Adobe PDF file.
- **Protect confidential information** — Password-protect project materials or plans, and restrict what authorized viewers can do to a document: print it, mark it up, extract information.
- **Archive and organize material** — With one click, easily convert all Microsoft Outlook e-mail messages and attachments from a project, case, or campaign into one Adobe PDF file.
- **Complete projects faster** — Acrobat 7.0 Professional launches faster and can convert files to Adobe PDF documents quicker than ever before.
- **Simplify the exchange of all drawings and other project documentation** — Convert and combine information from Autodesk AutoCAD, Bentley MicroStation, Microsoft Visio and Project, Microsoft Office, Microsoft Internet Explorer, and other applications into one searchable Adobe PDF file.

Don't miss out — register today!

View this event from the comfort of your desk using a Web browser with a high-speed Internet connection and a telephone. Discover how Adobe Acrobat 7.0 Professional can help you get everyone on the same page.

Note: The eSeminars will be conducted in English.

Register today for one of these eSeminars:

- **Tuesday, March 1**
10:00-11:00AM PST
- **Thursday, March 3**
1:00-2:00PM PST

Register today!
